Support youth success

# Programme Centraide Laurentides pour l'enfance

Programme pour l'enfance  
**Centraide**  
Laurentides

## Programme Centraide Laurentides pour l'enfance

This program gives children from disadvantaged families access to the same developmental resources as other children in their community. This fund helps parents find solutions and is complementary to other financial and material contributions.

Parents, the CLSC, the school, a social club and other groups are also asked to do their part to make these services a success. The program concretely illustrates our community's spirit of generosity and cooperation.

**0 to 17 years**

**Age group for these services**

**Must reside in the  
Centraide Laurentides territory**

**Parents must submit a request to the  
agency supported by Centraide Laurentides**

## Essential help

### **Make a request for:**

- Child enrollments in social inclusion activities (camps, sports or cultural activities).
- Integration activities for children from refugee families.
- Access to specialized care for a health, behavioural or language problem.
- Purchase of school supplies.
- Education about healthy habits.
- Respite for struggling children.

**Thank you to our donors and to the Marcelle and Jean Coutu Foundation for making these initiatives for children possible.**
