Every smile has a story

At day camp, Jade received special speech therapy services so that she could start kindergarten with confidence.

Contact us

Thanks to his karate classes, Mikaël made friends his own age.

Mikaël

Liam I joined a youth therapy program that gave me more self-confidence and really helped improve my relationships.

Name:

Programme Centraide Laurentides pour l'enfance

Programme Centraide Laurentides pour l'enfance

This program gives children from disadvantaged families access to the same developmental resources as other children in their community. This fund helps parents find solutions and is complementary to other financial and material contributions.

Parents, the CLSC, the school, a social club and other groups are also asked to do their part to make these services a success. The program concretely illustrates our community's spirit of generosity and cooperation.

0 to 17 years

Age group for these sevices

Must reside in the Centraide Laurentides territory

Parents must submit a request to the agency supported by Centraide Laurentides

The agencies that support you

Would you like to get more information or apply for financial assistance? Contact the agency in your regional county municipality.

Essential help

Make a request for:

- Child enrollments in social inclusion activities (camps, sports or cultural activities).
- Integration activities for children from refugee families.
- Access to specialized care for a health, behavioural or language problem.
- Education about healthy habits.
- Respite for struggling children.

Thank you to our donors and to the Marcelle and Jean Coutu Foundation for making these initiatives for children possible.
